LPP6.16 Holiday Houses

Introduction

The Shire seeks to implement local planning framework to guide the appropriateness of Holiday House land uses, and navigate the delicate balances needing to be considered when assessing such uses nearby residential functions.

A local planning policy for Holiday House land uses is appropriate because it allows communities to manage tourism sustainably and limits the impacts on residential amenity, while promoting economic growth.

This Local Planning Policy has been adopted by the Shire of Capel in accordance with the provisions of Schedule 2, Part 2, Div. 2 of the *Planning and Development (Local Planning Scheme) Regulations 2015*.

Purpose

The objectives of this Policy are as follows:

1. To manage tourism, protect the character of the community, and ensure sustainable development in the area; and
2. To guide the Shire's decision making in respect to the appropriateness of tourist accommodation facilities, as determined by the locality, the appropriateness of facilities and the scale of the proposal.

Application

The policy applies to the development of Holiday Houses across the whole of the Shire and aims to provide criteria for the assessment of planning proposals involving the use of land for Holiday Houses.

The Shire's Local Planning Scheme No. 8 (LPS8) considers a 'Holiday House' land use as discretionary within the following zones:

- Residential;
- Rural Residential;
- Rural;
- Priority Agriculture; and
- Mixed-Use Residential.

The discretionary nature of the land use for the abovementioned Zones requires a comprehensive assessment of such developments, and to determine whether a proposal is considered suitable for its location, factoring variables such as visitor numbers, seasonality, and management into consideration.
